October 24, 2022

Taking the Advanced Placement exams is an important part of all AP courses. The Macomb Mathematics Science Technology Center desires that all students take AP exams for the AP classes that they have taken. Scoring well on an AP exam can often earn students college credit for their high school class, saving a significant amount on tuition.

For the 2023 AP exams, students at the Macomb Mathematics Science Technology Center will be registering online. This registration will take a few minutes and can be completed from any computer with internet access.

This year each AP exam costs \$98.00. The MMSTC program desires that every student be able to take their AP exams. Students requiring financial assistance should contact Kristin Ansel kansel@wcskids.net, at the Butcher Educational Center to learn more.

Students must sign up for the exam(s) they wish to take on the College Board website using the code their teacher(s) have provided them as well as pay for exams. Signing up for an exam on College Board alone does not guarantee that student will take that exam. Payment for the exam is the only way to ensure that a test will be ordered for a student.

Online Exam registration will begin on Monday, October 31st, 2022 at 7:30 AM and end on Sunday, November 13, 2022 at 12:00 AM. In order to register, students should click on the link provided on the school website or <https://warren.revtrak.net/hs/mmstc/mmstc-ap-exams-#/list> to register. To complete registration, students must answer all of the required questions. Registration is not complete until students have printed the pdf of the confirmation page that is provided at the end. We know that parents may desire to register their students for exams. We strongly recommend that parents and students are both present while registering to ensure that the correct exams are ordered.

The Macomb Mathematics Science Technology Center is excited to offer families the convenience of paying exam fees online at the time of registration. Please be sure to have a **credit card or debit card available before beginning registration**. Paying online is a great way to make sure that payment has been made while avoiding mailing payment.

Here are the important dates for the registration process:

- Monday, October 31st at 7:30 AM - Registration Begins
- Sunday, November 13th at 12:00 AM - Registration Ends
- Monday, November 14th at 2:30 PM - Registrations that have not been paid for will be cancelled and exams will not be ordered.
- If a student decides to register for an exam after the registration window closes, a \$40 late fee will be added to the exam fee.
- There is a \$40 cancellation fee for students who decide not to take the AP exam.
- The payment due date for AP Statistics (only) is March 13, 2023.
- Calculus students who wish to switch sections must do so before March 13, 2022 (free of charge)

Please contact Mrs. Kristin Ansel at kansel@wcskids.net, if you would like to register for an exam not listed or if you have any questions.
